- a) Adjusted amounts are non-GAAP financial measures and exclude restructuring charges of \$16.3 million for the three and six months ended October 31, 2002 and \$8.5 million for the six months ended October 31, 2003. These charges primarily relate to severance and facility charges and do not affect fee revenue or revenue. The Company presents adjusted amounts as alternative measures to the actual amounts for comparison purposes. The Company uses the adjusted amounts to analyze its operating results since it believes that the restructuring charges do not reflect, and make it difficult to compare, the Company's ongoing operations over various quarters.
- b) For a definition and discussion of EBITDA, a non-GAAP financial measure, and a reconciliation between EBITDA and net income (loss), please see attached schedules at the end of this earnings release.

Fiscal second quarter fee revenue of \$76.7 million increased \$4.1 million or 6% from Q1'04 of \$72.6 million and declined \$2.9 million or 4% from Q2'03 of \$79.6 million. The sequential increase in fee revenue is attributable to an increase in the number of engagements, primarily in North America.

Compensation and benefits expense of \$51.3 million is consistent with Q1'04 and down \$4.2 million or 8% from \$55.6 million in Q2'03. The decline from Q2'03 reflects a reduction in the number of employees from approximately 1,600 at October 31, 2002 to approximately 1,400 at October 31, 2003.

General and administrative expense was \$17.5 million compared to \$16.8 million in Q1'04 and \$19.9 million in Q2'03. The decline of \$2.4 million or 12% from prior year reflects the Company's cost savings efforts.

Actual operating income of \$5.2 million improved \$3.6 million and \$4.9 million compared to adjusted operating income in Q1'04 and Q2'03, respectively, excluding restructuring charges. On the same basis, actual EBITDA of \$7.7 million improved \$3.3 million compared to adjusted EBITDA in Q1'04 and Q2'03. Actual operating income and EBITDA, including restructuring charges, improved \$12.0 million and \$11.8 million, respectively, compared to Q1'04 and improved \$21.1 million and \$19.6 million, respectively, compared to Q2'03.

The increases in both operating income and EBITDA in Q2'04 compared to Q1'04 reflect the increase in revenue in the current quarter. The increases in both operating income and EBITDA in Q2'04 compared to Q2'03 reflect approximately \$8.5 million of cost savings as a

result of the Company's cost reduction efforts partially offset by a decrease of \$3.6 million in revenues year over year.

Balance Sheet and Liquidity

Cash and cash equivalents was \$64.4 million at October 31, 2003 compared to \$53.9 million at July 31, 2003.

Interest expense, primarily related to the borrowings under Company Owned Life Insurance (COLI) policies and the Company's convertible securities, was \$2.7 million in the current quarter, which is comparable to Q1'04. At October 31, 2003, the Company had no outstanding borrowings under its credit facility.

These charges primarily relate to severance and facility charges and do not affect fee revenue or revenue. In the executive recruitment business, fiscal second quarter fee revenue was \$69.2 million, an increase of \$4.7 million or 7% from \$64.5 million in Q1'04 and a decline of \$2.6 million or 4% from \$71.8 million in Q2'03. The sequential increase in fee revenue is attributable to an increase in the number of engagements, primarily in North America.

Executive recruitment operating income was \$9.2 million in the current quarter, an increase of \$2.3 million or 33% compared to adjusted operating income of \$6.9 million in Q1'04, excluding restructuring charges, and an increase of \$1.0 million or 12% compared to adjusted operating income of \$8.2 million in Q2'03, excluding restructuring charges. On the same basis, EBITDA was \$11.2 million in the current quarter, an increase of \$2.1 million or 23% compared to adjusted EBITDA of \$9.1 million in Q1'04, and essentially flat compared to adjusted EBITDA in Q2'03.

Actual operating income and EBITDA, including restructuring charges, improved \$7.6 million compared to Q1'04 and improved \$12.4 million and \$11.2 million, respectively, compared to Q2'03.

The increase in both operating income and EBITDA in Q2'04 compared to Q1'04 is a result of the increase in revenue in the current quarter. The increase in operating income and EBITDA in Q2'04 compared to Q2'03 reflects \$4.3 million of cost savings as a result of the Company's continued cost reduction efforts partially offset by a decrease of \$3.3 million in revenue year over year.

The total number of consultants at October 31, 2003 was 385, a reduction of 36 compared to October 31, 2002 and an increase of 7 compared to July 31, 2003.

- a) Adjusted amounts are non-GAAP financial measures and exclude restructuring charges of \$3.8 million for the three and six months ended October 31, 2002 and \$3.0 million for the six months ended October 31, 2003. These charges relate to severance and write-off of assets and facility charges and do not affect fee revenue or revenue. The Company presents adjusted amounts as alternative measures to the actual amounts for comparison purposes. The Company uses the adjusted amounts to analyze its operating results since it believes that the restructuring charges do not reflect, and make it difficult to compare, the Company's ongoing operations over various quarters.
- b) For a definition and discussion of EBITDA, a non-GAAP financial measure, and a reconciliation between EBITDA and net income (loss), please see attached schedules at the end of this earnings release.

Futurestep fiscal second quarter fee revenue was \$7.5 million compared to \$8.1 million in Q1'04 and \$7.8 million in Q2'03. The decreases in fee revenue compared to Q1'04 and Q2'03 reflects the restructuring of Futurestep Europe operations coupled with a traditionally slow month of August in Europe, partially offset by an increase in the number of engagements in North America.

Futurestep operating income was \$0.5 million compared to an adjusted operating loss of \$0.5 million in Q1'04, excluding restructuring charges, and an adjusted operating loss of \$1.8 million in Q2'03, excluding restructuring charges. On the same basis, EBITDA was a positive \$0.7 million in the current quarter, compared to a negative adjusted EBITDA of \$0.1 million in Q1'04 and a negative adjusted EBITDA of \$1.1 million in Q2'03. Actual operating loss was \$3.5 million and \$5.6 million in Q1'04 and Q2'03, respectively, and actual EBITDA was a negative \$3.1 million and \$4.9 million in Q1'04 and Q2'03, respectively. Actual operating loss and EBITDA include restructuring charges described above. The increase in both operating income and EBITDA is a direct result of the Company's focused cost reduction initiatives offset by slight decreases in revenue.

Outlook

The Company estimates that third quarter fiscal 2004 fee revenue is likely to be in the range of \$72 million to \$78 million and earnings per share is likely to be in the range of \$0.01 to \$0.08.

Note: EBITDA, a non-GAAP financial measure, is net income (loss), excluding equity in earnings of unconsolidated subsidiaries, provision for income taxes, and interest and other (expense) income. The Company presents EBITDA as an alternative measure of operating performance to net income (loss). The Company uses EBITDA to analyze its operating results without taking into account depreciation and amortization, which are non-cash expenses. Even though the Company believes that EBITDA is a common measure used by analysts and investors, other companies, including companies in its industry, may define EBITDA differently and thus the Company's EBITDA and adjusted EBITDA figures may not be comparable with those of other companies.
