KORN/FERRY INTERNATIONAL AND SUBSIDIARIES

NOTES TO UNAUDITED CONDENSED CONSOLIDATED FINANCIAL STATEMENTS  
(in thousands, except per share amounts)

**1. Summary of Significant Accounting Policies**

*Basis of Presentation*

The condensed consolidated financial statements for the three months ended July 31, 2008 and 2007 include the accounts of Korn/Ferry International and all of its wholly and majority owned/controlled domestic and international subsidiaries (collectively, the "Company"). The condensed consolidated financial statements are unaudited, but include all adjustments, consisting of normal recurring accruals and any other adjustments that management considers necessary for a fair presentation of the results for these periods. These financial statements have been prepared consistently with the accounting policies described in the Company's Annual Report on Form 10-K for the fiscal year ended April 30, 2008 (the "Annual Report") and should be read together with the Annual Report.

*Critical Accounting Policies and Use of Estimates*

The preparation of financial statements in conformity with U.S. generally accepted accounting principles ("GAAP") requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenue and expenses during the reporting period. As a result, actual results could differ from these estimates. The most significant areas that require management judgment are revenue recognition, deferred compensation and the carrying values of goodwill, other intangible assets and deferred income taxes.

*Cash and Cash Equivalents*

The Company considers cash equivalents to be only those investments which are highly liquid, readily convertible and mature within three months from the date of purchase.

*Available-for-Sale Securities*

The Company considers its marketable securities as available-for-sale as defined in Statement of Financial Accounting Standards ("SFAS") No. 115, "Accounting for Certain Investments in Debt and Equity Securities" ("SFAS No. 115"). These investments are recorded at fair value and are classified as marketable securities in the accompanying consolidated balance sheets as of July 31, 2008 and April 30, 2008. Certain investments, which the Company intends to sell within the next twelve months, are carried as current. Additionally, certain of the Company's investments, which are held in trust to satisfy obligations under the Company's deferred compensation plans, are classified as noncurrent (see Note 5). The changes in fair values, net of applicable taxes, are recorded as unrealized gains (losses) as a component of accumulated other comprehensive income in stockholders' equity. Investments are made based on the Company's investment policy which restricts the types of investments that can be made.

*Stock-Based Compensation*

The Company has employee compensation plans under which various types of stock-based instruments are granted. These instruments, as more fully described below, principally include stock options, stock appreciation rights ("SARs"), restricted stock, and an Employee Stock Purchase Plan ("ESPP"). The Company accounts for stock-based instruments in accordance with SFAS No. 123(R), "Share-Based Payment" ("SFAS No. 123(R)").

## Table of Contents

The following table reflects the components of stock-based compensation expense recognized in the Company's condensed consolidated statements of income for the three months ended July 31, 2008 and 2007:

	Three Months Ended	
	July 31,	
	2008	2007
Stock options and SARs	\$ 288	\$ 719
Restricted stock	3,790	3,025
Employee Stock Purchase Plan	133	141
Total stock-based compensation expense, pre-tax	4,211	3,885
Tax benefit from stock-based compensation expense	(1,537)	(1,418)
Total stock-based compensation expense, net of tax	\$ 2,674	\$ 2,467

The Company uses the Black-Scholes option valuation model to estimate the grant date fair value of each employee stock option. The expected volatility reflects the consideration of the historical volatility in the Company's publicly traded instruments during the period the option is granted. The Company believes historical volatility in these instruments is more indicative of expected future volatility than the implied volatility in the price of the Company's common stock. The expected life of each option is estimated using historical data. The risk-free interest rate is based on the U.S. Treasury zero-coupon issue with a remaining term approximating the expected term of the option. The Company uses historical data to estimate forfeiture rates applied to the gross amount of expense determined using the option valuation model. The assumptions used to estimate the fair value of each employee stock option using the Black-Scholes option valuation model were as follows for the three months ended July 31, 2008 and 2007:

	Three Months Ended	
	July 31,	
	2008	2007
Expected volatility	44.11%	44.42%
Risk-free interest rate	3.27%	4.60%
Expected option life (in years)	4.25	4.00
Expected dividend yield	0.00%	0.00%

The Black-Scholes option pricing model was developed for use in estimating the fair value of traded options. The assumptions used in option valuation models are highly subjective, particularly the expected stock price volatility of the underlying stock.

### *Common Stock*

In the three months ended July 31, 2008, and 2007, the Company issued approximately (i) 17 and 884 shares of common stock as a result of the exercise of stock options, and (ii) 118 and 73 shares of common stock in conjunction with the Company's ESPP

### *Reclassifications*

Certain prior period amounts have been reclassified to conform to the current period presentation (see Note 5).

### *New Accounting Standards*

In September 2006, the Emerging Issues Task Force ("EITF") of the Financial Accounting Standards Board ("FASB") ratified EITF Issue No. 06-4, "Accounting for Deferred Compensation and Postretirement Benefit Aspects of Endorsement Split-Dollar Life Insurance Arrangements" ("EITF 06-4"). The scope of EITF 06-4 is limited to the recognition of a liability and related compensation costs for endorsement split-dollar life insurance policies that provide a benefit to an employee that extends to postretirement periods. Therefore, EITF 06-4 does not apply to a split-dollar life insurance arrangement that provides a specified benefit to an employee that is limited to the employee's active service period with an employer. EITF 06-4 is effective for fiscal years beginning after December 15, 2007, with earlier adoption permitted. The Company adopted EITF 06-4 effective May 1, 2008 and it did not have a material impact on its financial position or results of operations.

In September 2006, the FASB issued SFAS No. 157, “Fair Value Measurements” (“SFAS No. 157”). The statement defines fair value, establishes a framework for measuring fair value and expands disclosures about fair value measurements. The statement emphasizes that fair value is a market-based measurement, not an entity-specific measurement and establishes a fair value hierarchy. This statement also clarifies how the assumptions of risk and the effect of restrictions on sales or use of an asset effect the valuation. SFAS No. 157 is effective for financial statements issued for fiscal years beginning after November 15, 2007, and interim periods within those fiscal years, however, the FASB staff has approved a one year deferral for the implementation of SFAS No. 157 for other non-financial assets and liabilities. The Company adopted this statement effective May 1, 2008 and it did not have a material impact on its financial position or results of operations.

In February 2007, the FASB issued SFAS No. 159, “The Fair Value Option for Financial Assets and Financial Liabilities” (“SFAS No. 159”) including an amendment of SFAS No. 115. This statement provides companies with an option to report selected financial assets and liabilities at fair value. This statement is effective for fiscal years beginning after November 15, 2007 with early adoption permitted. The Company adopted this statement effective May 1, 2008 and it did not have a material impact on its financial position or results of operations.

In May 2008, the FASB issued SFAS No. 162, “The Hierarchy of Generally Accepted Accounting Principles” (“SFAS No.162”). SFAS No. 162 identifies the sources of accounting principles and the framework, or hierarchy, for selecting the accounting principles used in preparing financial statements that are presented in conformity with U.S. GAAP by nongovernmental entities. This statement is effective 60 days following the Securities and Exchange Commission’s (“SEC”) approval of the Public Company Accounting Oversight Board (“PCAOB”) amendments to AU Section 411, “The Meaning of Present Fairly in Conformity With Generally Accepted Accounting Principles.” The Company has not completed its evaluation of the potential impact, if any, of the adoption of SFAS No. 162 on its consolidated financial position, results of operations and cash flows.

**2. Basic and Diluted Earnings Per Share**

Basic earnings per common share (“basic EPS”) was computed by dividing net income by the weighted average number of common shares outstanding. Diluted earnings per common share (“diluted EPS”) reflects the potential dilution that would occur if all in-the-money outstanding options or other contracts to issue common stock were exercised or converted and was computed by dividing adjusted net income, after assumed conversion of subordinated notes and preferred stock, by the weighted average number of common shares outstanding plus dilutive common equivalent shares. The following is a reconciliation of the numerator and denominator used in the computation of basic EPS and diluted EPS:

	<b>Three Months Ended</b>	
	<b>July 31,</b>	
	<b>2008</b>	<b>2007</b>
<b>Net income (Numerator):</b>		
Net income for basic EPS	\$ 15,904	\$ 17,100
Interest expense on convertible securities, net of related tax effects	—	38
Net income for diluted EPS	<u>\$ 15,904</u>	<u>\$ 17,138</u>
<b>Shares (Denominator):</b>		
Weighted average shares for basic EPS	43,432	45,041
Effect of:		
Warrants	80	146
Restricted stock	278	310
Stock options	748	1,562
Employee stock purchase plan	11	4
Adjusted weighted average shares for diluted EPS	<u>44,549</u>	<u>47,063</u>
<b>Basic EPS</b>	<u>\$ 0.37</u>	<u>\$ 0.38</u>
<b>Diluted EPS</b>	<u>\$ 0.36</u>	<u>\$ 0.36</u>

Assumed exercises or conversions have been excluded in computing the diluted EPS when their inclusion would be anti-dilutive.

### 3. Comprehensive Income

Comprehensive income is comprised of net income and all changes to stockholders' equity, except those changes resulting from investments by owners (changes in paid in capital) and distributions to owners (dividends).

Total comprehensive income is as follows:

	Three Months Ended July 31,	
	2008	2007
Net income	\$ 15,904	\$ 17,100
Foreign currency translation adjustment	(1,385)	3,085
Unrealized loss on marketable securities, net of taxes	(1,430)	(277)
Comprehensive income	<u>\$ 13,089</u>	<u>\$ 19,908</u>

The components of accumulated other comprehensive income were as follows:

	Three Months Ended July 31,	
	2008	2007
Foreign currency translation adjustments	\$ 42,823	\$ 22,399
Unrealized (losses) gains on marketable securities, net of taxes	(3,320)	1,349
SFAS No. 158 adjustments, net of taxes	779	(335)
Accumulated other comprehensive income	<u>\$ 40,282</u>	<u>\$ 23,413</u>

### 4. Employee Stock Plans

#### *Stock Option Plans*

The Company's employee stock option plan, the Performance Award Plan, which expired on August 8, 2008, provided for option grants designated as either nonqualified, incentive stock options or SARs. Options granted to officers, non-employee directors and other key employees under the Performance Award Plan generally vest over a three to five year period, and generally expire ten years from the date of grant. Key employees are eligible to receive a grant of stock options annually with the number of options determined by the employee's performance level. In addition, the Company has the discretion to grant certain key management members stock options or restricted stock grants upon commencement of employment.

Stock option and SARs information during the three months ended July 31, 2008 is as follows:

	Options (in thousands)	Weighted- average exercise price	Weighted- average remaining contractual life (Yrs)	Aggregate intrinsic value
Outstanding at April 30, 2008	3,564	\$ 14.79		
Granted	1	16.69		
Exercised	(17)	10.59		
Forfeited/expired	(23)	19.26		
Outstanding at July 31, 2008	<u>3,525</u>	<u>\$ 14.78</u>	<u>4.5</u>	<u>\$ 14,174</u>
Exercisable at July 31, 2008	<u>3,413</u>	<u>\$ 14.61</u>	<u>4.4</u>	<u>\$ 14,171</u>

Included in the table above are 59 SARs outstanding and exercisable at July 31, 2008 with a weighted-average exercise price of \$12.26. As of July 31, 2008, there was \$511 of total unrecognized compensation cost related to nonvested awards of stock options and SARs. That cost is expected to be recognized over a weighted-average period of 1.3 years. For stock option awards subject to graded vesting, the Company recognizes the total compensation cost on a straight-line basis over the service period for the entire award.

[Table of Contents](#)

Additional information pertaining to stock options:

	Three Months Ended July 31,	
	2008	2007
Weighted average fair value of stock options granted	\$ 6.75	\$ 10.30
Total fair value of stock options and SARs vested	1,692	3,605
Total intrinsic value of stock options exercised	99	10,693
Total intrinsic value of SARs paid	—	—

*Restricted Stock*

The Company grants restricted stock to executive officers and other senior employees generally vesting over a three to four year period. Restricted stock is granted at a price equal to the fair market value of the Company's common stock on the date of grant. Employees may receive restricted stock annually in conjunction with the Company's performance review as well as throughout the year upon commencement of employment. The fair values of restricted stock are determined based on the closing price of the Company's common stock on the grant dates.

Information regarding the Company's restricted stock during the three months ended July 31, 2008 is as follows:

	Shares (in thousands)	Weighted- average grant date fair value
<b>Nonvested shares</b>		
Nonvested at April 30, 2008	1,952	\$ 22.01
Granted	1,182	17.60
Vested	(510)	21.66
Forfeited	(31)	17.79
Nonvested at July 31, 2008	<u>2,593</u>	<u>\$ 18.42</u>

As of July 31, 2008, there was \$47,733 of total unrecognized compensation cost related to nonvested awards of restricted stock. That cost is expected to be recognized over a weighted-average period of three years. For restricted stock awards subject to graded vesting, the Company recognizes the total compensation cost on a straight-line basis over the service period for the entire award. In the three months ended July 31, 2008 and 2007, 118 and 154 shares of restricted stock totaling \$1,989 and \$4,085, respectively, were repurchased by the Company at the option of the employee to pay for taxes related to the vesting of restricted stock.

*Employee Stock Purchase Plan*

In October 2003, the Company implemented an ESPP that, in accordance with Section 423 of the Internal Revenue Code, allows eligible employees to authorize payroll deductions of up to 15% of their salary to purchase shares of the Company's common stock at 85% of the fair market price of the common stock on the last day of the enrollment period. The maximum number of shares of common stock reserved for ESPP issuance is 1,500, subject to adjustment for certain changes in the Company's capital structure and other extraordinary events. During the three months ended July 31, 2008 and 2007, employees purchased 119 shares at \$13.37 per share, and 73 shares at \$22.32 per share, respectively.

## 5. Marketable Securities

Effective May 1, 2008, the Company adopted SFAS No. 157 for financial assets and liabilities. The statement defines fair value, provides guidance for measuring fair value and requires certain disclosures.

SFAS No. 157 discusses valuation techniques, such as the market approach (comparable market prices), the income approach (present value of future income or cash flow) and the cost approach (cost to replace the service capacity of an asset or replacement cost). The statement establishes a fair value hierarchy that prioritizes the inputs to valuation techniques used to measure fair value into three broad levels. The following is a brief description of those three levels:

- Level 1: Observable inputs such as quoted prices (unadjusted) in active markets that are accessible at the measurement date for identical, unrestricted assets or liabilities.
- Level 2: Inputs other than quoted prices that are observable for the asset or liability, either directly or indirectly. These include quoted prices for similar assets or liabilities in active markets and quoted prices for identical or similar assets or liabilities in markets that are not active.
- Level 3: Unobservable inputs that reflect the reporting entity's own assumptions.

As of July 31, 2008, the Company held certain assets that are required to be measured at fair value on a recurring basis. These included cash equivalents and marketable securities.

The Company's investments associated with cash equivalents and marketable securities consist of money market funds, United States government and government agency bonds and equity securities for which market prices are readily available. Our investments in marketable securities also consist of municipal notes ("auction rate securities"), which are classified as noncurrent marketable securities and reflected at fair value.

As of July 31, 2008 and April 30, 2008, the Company's marketable securities included \$71,297 and \$63,491, respectively, held in trust for settlement of the Company's obligations under certain of its deferred compensation plans.

As of July 31, 2008, \$18,900 (with a fair value of \$17,783) of the Company's marketable securities consisted of auction rate securities, of which nearly all were securities collateralized by student loan portfolios, which are guaranteed by the United States government. As the Company believes that the anticipated liquidation of these investments may take longer than twelve months and given its intent and ability to hold these securities, they have been classified as noncurrent marketable securities on the Condensed Consolidated Balance Sheet as of July 31, 2008. The Company continues to earn interest on all of its auction rate securities as of July 31, 2008. Any future fluctuation in fair value related to these investments that it deems to be temporary would be recorded to accumulated other comprehensive income. If the Company determines that any future valuation adjustment is other than temporary, it will record an impairment charge to earnings as appropriate.

Due to recent events in credit markets, the auction rate securities held by the Company have experienced failed auctions during calendar year 2008. As such, quoted prices in active markets are not readily available at this time. The Company's third-party investment institution provided an estimate of the fair value of the auction rate securities held as of July 31, 2008 and April 30, 2008. Therefore, in order to validate the fair value estimate of these securities for reporting, the Company considered the institutions pricing model which included factors such as tax status, credit quality, duration, insurance wraps, portfolio composition, assumptions about future cash flows and likelihood of redemption. The Company concluded that the pricing model, given the lack of market available pricing, provided a reasonable basis for determining fair value of the auction rate securities as of July 31, 2008 and April 30, 2008. From this model it was determined that there was a decline in fair value of the auction rate securities. Therefore, an additional \$259 has been recorded as an unrealized loss within accumulated other comprehensive income for the three months ended July 31, 2008, as the Company believes the decline in fair value of the auction rate securities is temporary (see Note 8).

The Company's gross unrealized losses of \$5,337 related to its auction rate securities and equity securities as of July 31, 2008 have been in a loss position for less than twelve months. Based on review of its securities included in the tables below, the Company determined that the unrealized losses were primarily a result of the liquidity issues in the global credit markets. Therefore, as of July 31, 2008, none of the Company's auction rate securities or marketable securities whose fair value was less than amortized cost or cost were considered to be other-than-temporarily impaired given the severity and duration of the impairment, the credit quality of the issuers, and the Company's intent and ability to hold the securities until fair value recovers above cost, or to maturity.

## Table of Contents

The following table represents our fair value hierarchy for financial assets (cash equivalents and marketable securities) measured at fair value on a recurring basis as of July 31, 2008:

	<u>Total</u>	<u>Level 1</u>	<u>Level 2</u>	<u>Level 3</u>
Cash equivalents	\$ 74,021	\$ 74,021	\$ —	\$ —
Auction rate securities	17,783	—	—	17,783
Equity securities (1)	37,520	37,520	—	—
Fixed income mutual fund (1)	8,291	8,291	—	—
Noncurrent money market mutual funds (1)	25,486	25,486	—	—
Total	<u>\$ 163,101</u>	<u>\$ 145,318</u>	<u>\$ —</u>	<u>\$ 17,783</u>

(1) These investments are held in trust for settlement of the Company's obligations under certain of its deferred compensation plans.

The following table presents the Company's assets measured at fair value on a recurring basis using significant unobservable inputs (Level 3) as defined in SFAS No. 157 at July 31, 2008:

	<u>Auction Rate Securities</u>
Balance at April 30, 2008	\$ 20,475
Unrealized loss included in other comprehensive income	(259)
Sales of securities	(2,550)
Reversal of unrealized loss associated with sales of securities at par	117
Ending balance at July 31, 2008	<u>\$ 17,783</u>

As of July 31, 2008, the Company concluded that it was appropriate to classify certain of its investments previously classified as cash and cash equivalents or marketable securities as noncurrent marketable securities to better reflect the Company's intent to hold these investments long-term. To conform to the current period presentation, the Company has reclassified \$13,622 of money market mutual funds from cash and cash equivalents and \$43,929 from marketable securities, respectively, to noncurrent marketable securities as of April 30, 2008.

## 6. Deferred Compensation and Retirement Plans

The Company has several deferred compensation and retirement plans for vice-presidents that provide defined benefit payments to participants based on the deferral of current compensation subject to vesting and retirement or termination provisions. The components of net periodic benefit cost are as follows:

<u>Components of net periodic benefit costs:</u>	<u>Three Months Ended July 31,</u>	
	<u>2008</u>	<u>2007</u>
Service cost	\$ 174	\$ 267
Interest cost	910	835
Amortization of actuarial gain	(21)	(18)
Amortization of net transition obligation	53	53
Net periodic benefit cost	<u>\$ 1,116</u>	<u>\$ 1,137</u>

The Company also has an Executive Capital Accumulation Plan ("ECAP") which is intended to provide certain employees an opportunity to defer salary and/or bonus on a pre-tax basis, or make an after-tax contribution. The Company made \$15,900 in ECAP contributions in the three months ended July 31, 2008. The Company contributions vest and are generally expensed ratably over a four year period.

**7. Business Segments**

The Company operates in two global business segments: executive recruitment and Futurestep. These segments are distinguished primarily by the candidates' level of compensation. The executive recruitment business segment is managed by geographic regional leaders. Revenue from leadership development solutions and other consulting engagements is included in executive recruitment. Futurestep's worldwide operations are managed by the Chief Executive Officer of Futurestep. The executive recruitment geographic regional leaders and the Chief Executive Officer of Futurestep report directly to the Chief Executive Officer of the Company. The Company also operates a Corporate segment to record global expenses of the Company.

A summary of the Company's results of operations by business segment is as follows:

	<b>Three Months Ended July 31,</b>	
	<b>2008</b>	<b>2007</b>
<b>Fee revenue:</b>		
<b>Executive recruitment:</b>		
North America	\$ 93,974	\$ 87,314
EMEA	51,590	44,722
Asia Pacific	21,403	22,661
South America	7,585	5,070
<b>Total executive recruitment</b>	<b>174,552</b>	<b>159,767</b>
<b>Futurestep</b>	<b>31,181</b>	<b>25,586</b>
<b>Total fee revenue</b>	<b>\$ 205,733</b>	<b>\$ 185,353</b>

	<b>Three Months Ended July 31,</b>	
	<b>2008</b>	<b>2007</b>
<b>Total revenue:</b>		
<b>Executive Recruitment:</b>		
North America	\$ 99,844	\$ 92,230
EMEA	53,480	46,033
Asia Pacific	21,855	23,242
South America	7,693	5,186
<b>Total executive recruitment</b>	<b>182,872</b>	<b>166,691</b>
<b>Futurestep</b>	<b>34,600</b>	<b>29,586</b>
<b>Total revenue</b>	<b>\$ 217,472</b>	<b>\$ 196,277</b>

	<b>Three Months Ended July 31,</b>	
	<b>2008</b>	<b>2007</b>
<b>Operating income (loss):</b>		
<b>Executive recruitment:</b>		
North America	\$ 18,637	\$ 19,791
EMEA	8,486	7,691
Asia Pacific	3,476	4,537
South America	1,080	661
<b>Total executive recruitment</b>	<b>31,679</b>	<b>32,680</b>
<b>Futurestep</b>	<b>2,855</b>	<b>2,084</b>
<b>Corporate</b>	<b>(10,780)</b>	<b>(9,651)</b>
<b>Total operating income</b>	<b>\$ 23,754</b>	<b>\$ 25,113</b>

**8. Subsequent Events**

As discussed in Note 5, the Company's marketable securities include auction rate securities. As of August 8, 2008 the Company received notification from one of its third-party investment institutions announcing a proposed settlement, in principle, with various federal and state regulators to commit to purchase client auction rate security holdings at par value of their holdings. Under the proposal, the Company's auction rate securities would be repurchased, if still outstanding, between June 2010 through 2012. The proposal covers \$13,600 (fair value of \$12,796) of the Company's \$18,900 (fair value of \$17,783) auction rate securities held as July 31, 2008. Upon the execution of the final settlement with the third-party investment institution, the Company will reverse any unrealized losses recorded in accumulated other comprehensive income on these securities, which was \$804, as of July 31, 2008.

## **Item 2. Management's Discussion and Analysis of Financial Condition and Results of Operations**

### **Forward-looking Statements**

*This quarterly report on Form 10-Q may contain certain statements that we believe are, or may be considered to be, "forward-looking" statements, within the meaning of Section 27A of the Securities Act of 1933 and Section 21E of the Securities Exchange Act of 1934. These forward-looking statements generally can be identified by use of statements that include phrases such as "believe," "expect," "anticipate," "intend," "plan," "foresee," "may," "will," "estimates," "potential," "continue" or other similar words or phrases. Similarly, statements that describe our objectives, plans or goals are also forward-looking statements. All of these forward-looking statements are subject to risks and uncertainties that could cause our actual results to differ materially from those contemplated by the relevant forward-looking statement. The principal risk factors that could cause actual performance and future actions to differ materially from the forward-looking statements include, but are not limited to, dependence on attracting and retaining qualified and experienced consultants, portability of client relationships, local political or economic developments in or affecting countries where we have operations, currency fluctuations in our international operations, ability to manage growth, restrictions imposed by off-limits agreements, competition, risks related to the growth and results of Futurestep, reliance on information processing systems, and employment liability risk as well as the matters disclosed under the heading "Risk Factors" in Item 1A of the Company's annual report on Form 10-K for fiscal 2008 ("Form 10-K"). Readers are urged to consider these factors carefully in evaluating the forward-looking statements. The forward-looking statements included in this Form 10-Q are made only as of the date of this report and we undertake no obligation to publicly update these forward-looking statements to reflect subsequent events or circumstances.*

*The following presentation of management's discussion and analysis of our financial condition and results of operations should be read together with our condensed consolidated financial statements included in this Form 10-Q.*

### **Executive Summary**

Korn/Ferry International (referred to herein as the "Company," "Korn/Ferry," or in the first person notations "we," "our," and "us") is a premier provider of talent management solutions that help clients to attract, deploy, retain and reward their talent. Our services include executive recruitment, middle-management recruitment and outsourced recruitment (through Futurestep), leadership development solutions and executive coaching. Over half of the executive recruitment engagements we performed in the last fiscal year were for board level, chief executive or other senior executive and general management positions. Our 5,120 clients in the last fiscal year included approximately 49% of the FORTUNE 500 companies. We have established strong client loyalty. 74% of the executive recruitment assignments we performed during the previous fiscal year were on behalf of clients for whom we had conducted assignments in the previous three fiscal years.

In an effort to maintain our long-term strategy of being the leading provider of executive recruitment, middle-management recruitment, outsourced recruiting, leadership development solutions and executive coaching, our strategic focus for fiscal 2009 will center upon increasing market share and further enhancing the cross-selling of our multi-product strategy. We plan to continue to address areas of increasing client demand, including Recruitment Process Outsourcing ("RPO") and Leadership Development Solutions ("LDS"). We plan to explore new products and services, continue to pursue a disciplined acquisition strategy, enhance our technology and processes and aggressively leverage our brand through thought leadership and intellectual capital projects as a means of delivering world-class service to our clients.

Fee revenue increased 11% in the first quarter of fiscal 2009 to \$205.7 million compared to the prior year's first quarter of \$185.4 million, with increases in all regions except for Asia Pacific. The Europe and South America regions experienced the largest dollar increases in fee revenue. In the first quarter of fiscal 2009, we earned an operating profit of \$23.8 million with operating income from executive recruitment of \$31.7 million and \$2.9 million from Futurestep, offset by corporate expenses of \$10.8 million. This represents a decrease of 5.2% over the prior year's first quarter operating income of \$25.1 million.

We had no long-term debt nor an outstanding balance under our credit facility at July 31, 2008. Our working capital increased \$17.2 million in the first three months of fiscal 2009 to \$213.5 million at July 31, 2008.

**Critical Accounting Policies**

The following discussion and analysis of our financial condition and operating results are based on our unaudited condensed consolidated financial statements. Preparation of this quarterly report on Form 10-Q requires us to make estimates and assumptions that affect the reported amount of assets and liabilities, disclosure of contingent assets and liabilities at the date of our financial statements, and the reported amounts of revenue and expenses during the reporting periods. Actual results may differ from those estimates and assumptions. In preparing our interim financial statements and accounting for the underlying transactions and balances, we apply our accounting policies as disclosed in our Notes to Unaudited Condensed Consolidated Financial Statements. We consider the policies related to revenue recognition, deferred compensation and the carrying values of goodwill, intangible assets and deferred income taxes as critical to an understanding of our interim consolidated financial statements because their application places the most significant demands on management's judgment. Specific risks for these critical accounting policies are described in our Form 10-K.

**Results of Operations**

The following table summarizes the results of our operations for the three months ended July 31, 2008 and 2007 as a percentage of fee revenue:

	<b>Three Months Ended July 31,</b>	
	<b>2008</b>	<b>2007</b>
Fee revenue	100.0%	100.0%
Reimbursed out-of-pocket engagement expenses	5.7	5.9
Total revenue	105.7	105.9
Compensation and benefits	69.1	66.4
General and administrative expenses	16.5	17.1
Out-of-pocket engagement expenses	7.2	7.6
Depreciation and amortization	1.4	1.3
Operating income	11.5	13.5
Net income	7.7%	9.2%

The following tables summarize the results of our operations by business segment. Operating income (loss) is calculated as a percentage of fee revenue of the respective segment (dollars in thousands).

	<b>Three Months Ended July 31,</b>			
	<b>2008</b>		<b>2007</b>	
	<b>Dollars</b>	<b>%</b>	<b>Dollars</b>	<b>%</b>

**Three Months Ended July 31, 2008 Compared to Three Months Ended July 31, 2007**

*Fee Revenue.* Fee revenue increased \$20.3 million, or 11%, to \$205.7 million in the three months ended July 31, 2008 compared to \$185.4 million in the three months ended July 31, 2007. The improvement in fee revenue is attributable mainly to a 9% increase in the number of engagements billed and an increase in average fees from executive recruitment. Exchange rates favorably impacted fee revenues by \$9.4 million in the first quarter of fiscal 2009.

*Executive Recruitment.* Executive recruitment fee revenue increased \$14.7 million, or 9.2%, to \$174.5 million in the three months ended July 31, 2008 compared to \$159.8 million in the three months ended July 31, 2007 due to an increase in average fees for the segment. The number of engagements billed in the first quarter of fiscal 2009 were comparable to that of the first quarter of fiscal 2008.

North America fee revenue increased \$6.6 million, or 7.6%, to \$93.9 million in the three months ended July 31, 2008 compared to \$87.3 million in the three months ended July 31, 2007 primarily due to an 3% increase in the number of engagements billed as well as a 4% increase in average fees in the region as compared to the first quarter of fiscal 2008. Overall revenue growth was driven by more significant increases in the industrial and healthcare sectors offset by declines in the financial services and technology sectors. Exchange rates favorably impacted North America fee revenue by \$0.6 million in the first quarter of fiscal 2009.

EMEA reported fee revenue of \$51.6 million, an increase of \$6.9 million, or 15.4%, in the three months ended July 31, 2008 compared to \$44.7 million in the three months ended July 31, 2007. EMEA's increase in fee revenue was driven by a 6% increase in the number of engagements billed and a 9% increase in average fees. The improved performance in existing offices in Switzerland, Germany, and Norway were the primary contributors to the increase in fee revenue. The industrial and financial services sectors experienced the largest increase in fee revenue offset by a decline in the life sciences sector compared to the first quarter of fiscal 2008. Exchange rates favorably impacted EMEA fee revenue by \$4.9 million in the first quarter of fiscal 2009.

Asia Pacific fee revenue decreased \$1.3 million, or 5.7%, to \$21.4 million, in the three months ended July 31, 2008 compared to \$22.7 million in the three months ended July 31, 2007 as an increase of 6% in average fees billed per engagement was offset by an overall 11% decline in the number of engagements billed. An increase in fee revenue in Singapore was offset by decreases in fee revenue in Australia, India, Hong Kong and Japan. Exchange rates favorably impacted fee revenue for Asia Pacific by \$0.9 million in the first quarter of fiscal 2009.

South America reported fee revenue of \$7.6 million, an increase of \$2.5 million, or 49.0%, in the three months ended July 31, 2008 compared to the three months ended July 31, 2007. Of the increase in fee revenue, \$0.9 million is attributable to the favorable impact of exchange rates. Engagements billed declined 5% while average fees increased 58% within the region compared to the first quarter of fiscal 2008. The improved performance in Brazil was the primary contributor to the increase in fee revenue in the first quarter of fiscal 2009 over the first quarter of fiscal 2008.

*Futurestep.* Futurestep's fee revenue increased \$5.6 million, or 21.9%, to \$31.2 million in the three months ended July 31, 2008 compared to \$25.6 million in the three months ended July 31, 2007. The improvement in Futurestep's fee revenue is due to an increase in the number of engagements billed offset by a slight decrease in average fee per engagement billed. Of the total increase in fee revenue, North America experienced the largest increase in fee revenue of \$2.7 million, or 29.0%, to \$12.0 million related to growth from Canada and the United States. Asia fee revenue increased \$2.1 million, or 32.3%, to \$8.6 million reflecting increased revenue from areas including RPO and individual searches. Europe fee revenue increased \$0.7 million, or 7.1%, to \$10.5 million, arising from increased business in Spain, France and Germany offset by a decrease in the Netherlands. Exchange rates favorably impacted fee revenue by \$2.1 million in the first quarter of fiscal 2009.

*Compensation and Benefits.* Compensation and benefits expense increased \$19.1 million, or 15.5%, to \$142.1 million in the three months ended July 31, 2008 from \$123.0 million in the three months ended July 31, 2007. The increase in compensation and benefits expenses is primarily due to a 6% increase in global headcount, compared to the first quarter of fiscal 2008, including a 16% increase in the average number of consultants, coupled with increased profitability-based awards. Exchange rates unfavorably impacted compensation and benefits expenses by \$6.0 million during the first quarter of fiscal 2009.

Executive recruitment compensation and benefits costs increased \$13.8 million, or 13.8%, to \$114.0 million in the three months ended July 31, 2008 compared to \$100.2 million in the three months ended July 31, 2007 primarily due to an increase in the number of consultants. In the first quarter of fiscal 2009, the average number of consultants increased by 35, or 7%, compared to the first quarter of fiscal 2008. Exchange rates impacted executive recruitment compensation and benefits expense unfavorably by \$4.6 million. Executive recruitment compensation and benefits expenses in the three months ended July 31, 2008 increased to 65% as a percentage of fee revenue, compared to 63% in the first quarter of fiscal 2008.

Futurestep compensation and benefits expense increased \$4.1 million, or 24.0%, to \$21.2 million in the three months ended July 31, 2008 from \$17.1 million in the three months ended July 31, 2007 due to investments in our employees which increased Futurestep average consultant headcount by 59% during the three months ended July 31, 2008 compared to the three months ended July 31, 2007. Exchange rates unfavorably impacted Futurestep compensation and benefits expense by \$1.4 million. Futurestep compensation and benefits expense, as a percentage of fee revenue, increased to 68% in the first quarter of fiscal 2009 from 67% in the first quarter of fiscal 2008.

Corporate compensation and benefits expense increased \$1.2 million, or 21.1%, in the three months ended July 31, 2008 to \$6.9 million primarily from increases in recognition of unearned deferred compensation balances in the first quarter of fiscal 2009 compared to the first quarter of fiscal 2008.

*General and Administrative Expenses.* General and administrative expenses increased \$2.3 million, or 7.3%, to \$34.0 million in the three months ended July 31, 2008 compared to \$31.7 million in the three months ended July 31, 2007. Exchange rates unfavorably impacted general and administrative expenses by \$1.8 million in the first quarter of fiscal 2009.

Executive recruitment general and administrative expenses increased \$2.2 million, or 9.8%, from \$22.4 million in the three months ended July 31, 2007 to \$24.6 million in the three months ended July 31, 2008. This increase was driven by increases in premise and office expenses of \$1.7 million, business development expenses of \$0.3 million, \$0.6 million in other types of general expenses including meeting and travel expenses, and \$0.8 million in realized foreign exchange losses. Offsetting the overall increase in executive recruitment general and administrative expenses is a decrease in bad debt expense of \$1.2 million. Increased premise and office expenses is attributable to all regions due to increased rent expenses and associated utility costs. Business development increased primarily due to the growth in the business. Bad debt expense decreased due to an overall improvement in the aging of accounts receivable. Executive recruitment general and administrative expenses, as a percentage of fee revenue, was 14% in the first quarter of fiscal 2009 and fiscal 2008.

Futurestep general and administrative expenses increased \$0.3 million, or 5.4%, to \$5.9 million in the three months ended July 31, 2008 compared to the three months ended July 31, 2007 primarily due to an increase in premise and office expenses of \$0.5 million and business development expenses of \$0.4 million which were offset by a decrease in Futurestep general and administrative expenses of \$0.3 million in meetings and travel expenses and \$0.2 million in bad debt expense. Increases in premise and office expenses resulted from increase in rent expenses noted across all regions and the opening of new offices in Europe and Asia. Futurestep general and administrative expenses, as a percentage of fee revenue, decreased to 19% in the first quarter of fiscal 2009 from 22% in the first quarter of fiscal 2008.

Corporate general and administrative expenses decreased \$0.2 million, or 5.4%, to \$3.5 million in the three months ended July 31, 2008 compared to the three months ended July 31, 2007 primarily due to decreased professional fees, travel and meetings and premise and office expenses.

*Out-of-Pocket Engagement Expenses.* Out-of-pocket engagement expenses consist of expenses incurred by candidates and our consultants that are generally billed to clients. In the three months ended July 31, 2008, out-of-pocket engagement expenses increased \$0.6 million, or 4.3%, to \$14.7 million compared to the three months ended July 31, 2007. Out-of-pocket engagement expenses as a percentage of fee revenue decreased to 7% in the first quarter of fiscal 2009 from 8% in the first quarter of fiscal 2008.

*Depreciation and Amortization Expenses.* Depreciation and amortization expenses of \$2.8 million in the three months ended July 31, 2008 increased \$0.4 million, or 16.7%, compared to the three months ended July 31, 2007. This expense relates mainly to computer equipment, software, furniture and leasehold improvements. The increase in depreciation and amortization expenses is attributable to an increase in fixed asset balances primarily associated with furniture and fixtures and leasehold improvements related to business expansion, office build out and amortization of software costs that added new functionality in our corporate and executive search segments.

*Operating Income.* Operating income decreased \$1.3 million, or 5.2%, to \$23.8 million in the three months ended July 31, 2008 compared to \$25.1 million in the three months ended July 31, 2007. This decrease in operating income resulted from a \$22.5 million increase in operating expenses which was offset by an increase in total revenue of \$21.2 million. The increase in operating expenses is primarily attributable to an increase in compensation and benefits, general and administrative expenses, including a modest amount of expenses aimed at maintaining consultant productivity.

Executive recruitment operating income decreased \$1.0 million, or 3.1%, to \$31.7 million in the three months ended July 31, 2008 compared to \$32.7 million in the three months ended July 31, 2007. The decline in executive recruitment operating income is attributable to increased revenues offset by additional compensation expense relating to increased headcount and variable payouts, as discussed above, as well as increased premise and other general administrative expenses. The Lominger Entities contributed \$0.3 million of the operating income increase in the first quarter of fiscal 2009. Executive recruitment operating income during the first quarter of fiscal 2009, as a percentage of fee revenue, was 18% compared to 20% in the first quarter of fiscal 2008.

Futurestep operating income increased by \$0.8 million to \$2.9 million in the three months ended July 31, 2008 as compared to operating income of \$2.1 million in the three months ended July 31, 2007. The change in Futurestep operating income is primarily due to an increase in total revenue while realizing a lesser increase in operating expenses during the three months ended July 31, 2008 compared to the three months ended July 31, 2007. Futurestep operating income, as a percentage of fee revenue, increased to 9% in the first quarter of fiscal 2009 from 8% in the first quarter of fiscal 2008.

*Interest Income and Other Income, Net.* Interest income and other income, net decreased by \$1.1 million in the three months ended July 31, 2008 from \$2.7 million in the three months ended July 31, 2007. Interest and dividend income decreased primarily as a result of lower average United States cash balances and lower overall interest rates compared to the first quarter of fiscal 2008.

*Interest Expense.* Interest expense, primarily related to borrowings under Company Owned Life Insurance Policies ("COLI"), was \$1.2 million in the three months ended July 31, 2008 and the three months ended July 31, 2007.

*Provision for Income Taxes.* The provision for income taxes was \$9.3 million in the three months ended July 31, 2008, compared to \$10.4 million in the three months ended July 31, 2007. The provision for income taxes in the first quarter of fiscal 2009 reflects a 38.5% effective tax rate, which is comparable to the effective tax rate for the first quarter of fiscal 2008.

*Equity in Earnings of Unconsolidated Subsidiaries.* Equity in earnings of unconsolidated subsidiaries is comprised of our less than 50% interest in our Mexican subsidiaries. We report our interest in earnings or loss of our Mexican subsidiaries on the equity basis as a one-line adjustment to net income, net of taxes. Equity in earnings was \$1.1 million in the three months ended July 31, 2008 compared to \$0.9 million in the three months ended July 31, 2007.

## **Liquidity and Capital Resources**

We believe that cash on hand, borrowings available under our credit facility and funds from operations will be sufficient to meet our anticipated working capital, capital expenditures and general corporate requirements. However, adverse changes in our revenue could require us to cut costs and/or obtain additional financing to meet our cash needs.

As of July 31, 2008 we held approximately \$18.9 million (with a fair value of \$17.8 million) of marketable securities investments, classified as noncurrent assets, with an auction reset feature ("auction rate securities") whose underlying assets are generally municipal notes or student loans which are substantially backed by the federal government. Continued liquidity issues in the global credit markets caused auctions for all of our auction rate securities to fail because the amount of securities offered for sale exceeded the amount of bids. As a result, the liquidity of our remaining auction rate securities has diminished. We expect this decreased liquidity will continue for as long as the present depressed global credit market environment persists, or until issuers refinance and replace these securities with other instruments. Despite the current auction market, we believe the credit quality of our auction rate securities remains high due to the creditworthiness of the issuers. We continue to collect interest when due and at this time we expect to continue to do so going forward. Additionally, we expect we will receive the principal balance through either future successful auctions, sales of these securities outside the auction process, the issuers' establishment of different form of financing to replace these securities, or the maturing of the securities.

As of August 8, 2008 the Company received notification from one of its third-party investment institutions announcing a proposed settlement, in principle, with various federal and state regulators to commit to purchase client auction rate security holdings at par value of their holdings. Under the proposal, the Company's auction rate securities would be repurchased, if still outstanding, between June 2010 through 2012. The proposal covers \$13.6 million (fair value of \$12.8 million) of the Company's \$18.9 million (fair value of \$17.8 million) auction rate securities held as of July 31, 2008. Upon the execution of the final settlement with the third-party investment institution, the Company will reverse any unrealized losses recorded in accumulated other comprehensive income on these securities, which was \$0.8 million, as of July 31, 2008.

We are not aware of any trends, demands or commitments that would materially affect liquidity or those that relate to our resources.

#### **Off-Balance Sheet Arrangements**

We have no off-balance sheet arrangements and have not entered into any transactions involving unconsolidated, limited purpose entities.

#### **Item 3. *Quantitative and Qualitative Disclosures About Market Risk***

As a result of our global operating activities, we are exposed to certain market risks, including foreign currency exchange fluctuations and fluctuations in interest. We manage our exposure to these risks in the normal course of our business as described below. We have not utilized financial instruments for trading, hedging or other speculative purposes nor do we trade in derivative financial instruments.

##### **Foreign Currency Risk**

Substantially all our foreign subsidiaries' operations are measured in their local currencies. Assets and liabilities are translated into U.S. dollars at the rates of exchange in effect at the end of each reporting period and revenue and expenses are translated at average rates of exchange during the reporting period. Resulting translation adjustments are reported as a component of comprehensive income on our consolidated Statement of Stockholders' Equity and accumulated other comprehensive income on our consolidated Balance Sheets.

Transactions denominated in a currency other than the reporting entity's functional currency may give rise to transaction gains and losses that impact our results of operations. Historically, we have not realized significant foreign currency gains or losses on such transactions. In the three months ended July 31, 2008, we recognized foreign currency losses, after income taxes, of \$0.8 million primarily related to our North America, EMEA and Asia Pacific operations.

Our primary exposure to exchange losses is based on outstanding intercompany loan balances denominated in U.S. dollars. If the U.S. dollar strengthened 15%, 25% and 35% against the Pound Sterling, the Euro, the Canadian dollar, the Australian dollar and the Yen, our exchange loss would have been \$4.1 million, \$6.8 million and \$9.5 million, respectively, based on outstanding balances at July 31, 2008. If the U.S. dollar weakened by the same increments against the Pound Sterling, the Euro, the Canadian dollar, the Australian dollar and the Yen, our exchange gain would have been \$4.1 million, \$6.8 million and \$9.5 million, respectively, based on outstanding balances at July 31, 2008.

### **Interest Rate Risk**

We primarily manage our exposure to fluctuations in interest rates through our regular financing activities, which generally are short-term and provide for variable market rates. As of July 31, 2008, we had no outstanding balance on our credit facility. We have \$60.7 million of borrowings against the cash surrender value of COLI contracts as of July 31, 2008 bearing interest primarily at variable rates. The risk of fluctuations in these variable rates is minimized by the fact that we receive a corresponding adjustment to our borrowed funds crediting rate on the cash surrender value on our COLI contracts.

As of July 31, 2008, we held approximately \$18.9 million (fair valued of \$17.8 million) of auction rate securities. Continued liquidity issues in the global credit markets caused auctions for all of our auction rate securities to fail, and there is no assurance that currently successful auctions on the other auction rate securities in our investment portfolio will continue to succeed. As a result of the current situation in the auction markets, our ability to liquidate our investment in auction rate securities and fully recover the carrying value of our investment in the near term may be limited or impossible. An auction failure means that the parties wishing to sell securities cannot. If in the future the issuers are unable to successfully close future auctions and their credit ratings deteriorate, we may be required to record an impairment charge on these investments. We believe we will be able to liquidate our investment without significant loss within the next year, however, it could take until the final maturity of the underlying notes (up to 30 years) to realize our investments' recorded value. Based on our expected operating cash flows, and our other sources of cash, we do not anticipate the potential lack of liquidity on these investments will affect our ability to execute our current business plan.

### **Item 4. Controls and Procedures**

#### **(a) Evaluation of Disclosure Controls and Procedures.**

As of the end of the period covered by this report, we carried out an evaluation of the effectiveness of the design and operation of our "disclosure controls and procedures" (as defined in Rules 13a-15(e) and 15d-15(e) of the Securities Exchange Act of 1934, as amended ("Exchange Act")) under the supervision and with the participation of our management, including our Chief Executive Officer and Chief Financial Officer. Based upon such evaluation, our Chief Executive Officer and Chief Financial Officer have concluded that our disclosure controls and procedures are effective.

#### **(b) Changes in Internal Control over Financial Reporting.**

During the fiscal quarter ended July 31, 2008, there were no changes in our internal control over financial reporting that have materially affected, or are reasonably likely to materially affect, our internal control over financial reporting.

**PART II. OTHER INFORMATION**

**Item 1. Legal Proceedings**

From time to time, we are involved in litigation both as plaintiff and defendant, relating to claims arising out of our operations that is ordinary, routine litigation incidental to the business. As of the date of this report, we are not engaged in any legal proceedings that are expected, individually or in the aggregate, to have a material adverse effect on our business, financial condition or results of operations.

**Item 1A. Risk Factors**

In our Form 10-K, we described material risk factors facing the business. Additional risks not presently known to us or that we currently deem immaterial may also impair our business operations. As of the date of this report, there have been no material changes to risk factors described in our Form 10-K.

**Item 2. Unregistered Sales of Equity Securities, Use of Proceeds and Issuer Purchases of Equity Securities**

During the three months ended July 31, 2008, the Company repurchased shares of its common stock under the common stock repurchase program approved by the Board of Directors in November 2007. Pursuant to this program, shares can be repurchased in open market transactions or privately negotiated transactions at the Company's discretion.

	Shares Purchased	Average Price Paid Per Share	Shares Purchased as Part of a Publicly- Announced Program (1)	Approximate Dollar Value of Shares that May Yet Be Purchased Under the Program (1)
May 1, 2008 – May 31, 2008	334	\$ 16.80	—	\$ 43.7 million
June 1, 2008 – June 30, 2008	47,126	\$ 16.80	—	\$ 43.7 million
July 1, 2008 – July 31, 2008	80,147	\$ 16.70	9,200	\$ 43.6 million
Balance as of July 31, 2008	<u>127,607</u>		<u>9,200</u>	

(1) On November 2, 2007, the Board of Directors approved the repurchase of up to \$50 million of the Company's common stock in a common stock repurchase program. The shares can be repurchased in open market transactions or privately negotiated transactions at the Company's discretion.

**Item 3. Defaults Upon Senior Securities**

Not applicable.

**Item 4. Submission of Matters to a Vote of Security Holders**

No matters were submitted to a vote of security holders during the first quarter of fiscal year 2009.

**Item 5. Other Information**

Not applicable.

**Item 6. Exhibits**

<b>Exhibit Number</b>	<b>Description of Exhibit</b>

[Korn/Ferry International Letterhead]

KORN/FERRY INTERNATIONAL

June 26, 2008

Mr. Paul Reilly, Executive Chairman  
Korn/Ferry International  
8302 Tallahassee Dr. N.E.  
St. Petersburg, FL 33702

Dear Paul,

This letter is written to confirm that the Korn/Ferry Board of Directors would like you to continue as Executive Chairman for another year, July 1, 2008 through June 30, 2009, with the understanding this agreement is subject to an annual review and will be renewed on terms similar to the enclosed unless you are notified otherwise by June 1, 2009.

The general terms of our understanding are outlined below:

1. You will continue as an at-will employee. Your duties and responsibilities are defined in Section 3 of your existing employment agreement dated April 24, 2007 ("Existing Agreement").
2. For the period of this agreement, your base salary will continue at \$500,000 annually.
3. You will be provided an annual bonus target of \$750,000, with the actual payout recommended by the Compensation Committee and approved by the Board. The Committee will base half the recommended amount on the same basis as used for the senior management team. As you know, for 2008 this included on-third weight each to EPS, Revenue, and the specific strategic objectives previously established for client satisfaction, market share, solution-driven growth, career destination, and "other." The second half of the bonus will be based on Executive Chair duties and responsibilities as outlined in Section 3 of your Existing Agreement. The bonus amount for all above items would not exceed the target.

In addition, the Committee will consider bonus amounts for critical special assignments, as agreed with the Chief Executive Officer, such as your present assistance in the U.K. Due to the potential awards for such special assignments, the actual bonus amount could exceed the target of \$750,000.

The salary, target bonus, and bonus criteria would be reviewed annually by the Compensation Committee and would be discussed and agreed with you prior to Board approval.

4. The “Certain Additional Payments by the Company” – Section 7(f) of the Existing Agreement, and Section 9 “Application of Section 409A”, are incorporated by reference into this letter agreement.
5. Employee benefit programs and perquisites would continue as outlined in Section 6 of your Existing Agreement, including the reimbursement of business expenses and the continuation of administrative support services.
6. Your employment can be terminated at any time, for any reason, either by you or by the Board. Each party would attempt to give maximum reasonable notice should that occur. Your compensation would continue through the date of any termination, including a pro-rated bonus as determined by the Compensation Committee and approved by the Board. Consistent with your Existing Agreement, termination by death or disability will result in payment of accrued salary and pro rated target bonus. If you termination is for cause (as defined in your Existing Agreement) you will be paid only accrued salary through the date of termination.
7. Section 10 – “Confidential Information; Cooperation with Regard to Litigation” and Section 11 – “Nonsolicitation” are incorporated by reference into this letter agreement.

The terms outlined in this letter have been approved by the Board. If you agree, please sign a copy of the letter and return it to me.

Sincerely,

/s/ Ken Whipple  
Ken Whipple

[KORN/FERRY INTERNATIONAL LETTERHEAD]

Gary D. Burnison  
Chief Executive Officer

March 1, 2008

PERSONAL AND CONFIDENTIAL

Mr. Paul Reilly  
8301 Tallahassee Drive, NE  
St. Petersburg, FL 33702

Dear Paul:

Pursuant to our discussions this letter will serve to formalize the terms of your special, temporary assignment as the interim head of our EMEA region.

You will continue in your position as Executive Chairman of the Board of Korn/Ferry, and nothing in this agreement is meant to modify or supersede the terms of your agreement regarding that role. This letter is meant to formalize the terms for covering, or reimbursing, expenses related to the special assignment as interim Managing Director of EMEA. Additional compensation related to this assignment, if any, will be determined by the Board in accordance with your contract as Executive Chairman.

Role

As the interim Managing Director of EMEA you will represent the Company in all operational matters including recruiting and retaining consultants within the region, revenue and profitability performance and client and go to market efforts.

Term of the Assignment

This assignment will not have a definite term, but it is anticipated that it will be completed prior to the end of the fiscal year 2009. It is also anticipated the number of days you will spend in the U.K. during this assignment will be less than 183 days over any 365 day period. However, it is understood, that should the assignment require your presence in the UK for more than 183 days over any 365 day period it will result in tax consequences for which the Company will provide tax equalization as described below.

---

Philosophy Regarding Financial Arrangements

It is agreed the overarching philosophy for the financial arrangements related to this assignment will follow the concept that you will not incur any additional out-of-pocket expenses that, on an after-tax basis, are greater than if you had remained solely in your role as Executive Chairman and resident in the United States. The reimbursement of expenses, as described below, will occur following the normal Company process and time line for submitting and reimbursement of business expenses. Reimbursement of expenses you have incurred will not be contingent on any other conditions of employment.

Employment Related Costs

The cost of obtaining and maintaining work permits, certificate of coverage and the like will be borne by the Company. The cost of resolving any employment issues of a legal or tax nature arising from the assignment will be covered by the Company, and, in the unlikely event an issue arises that requires you to obtain a separate legal or tax advisor the Company will cover reasonable costs for the advisor.

Housing and Related Costs

Korn/Ferry will pay for the cost of renting a two-bedroom serviced, furnished flat during the tenure of your assignment. In addition, the Company will reimburse you for ancillary costs related to furnishing the flat, e.g., utensils, bedding, etc. Additionally, the Company will pay all standard utilities including telephone expenses.

Travel

The Company will reimburse you for first class airfare while commuting to and from Europe. In addition, the firm will reimburse the expense of two trips for your family to travel from your home to London with business class airfare. Further, the Company will reimburse you for incidental living expenses for your family while visiting in Europe, although it is understood this does not include entertainment expenses.

---

Transportation

The firm will reimburse you for transportation expenses while staying in Europe, e.g. taxi, trains, etc.

Cost of Living

The firm will reimburse you for incidental living expenses while you are staying in Europe, e.g. incremental costs over the cost of similar services in or around your current residence. In addition, the Company will reimburse you for reasonable living expenses while on the assignment such as food, meals, laundry, supplies and other day-to-day living expenses.

Tax Equalization and Assistance

It is anticipated, given the current projected length of your assignment, there will not be a need for tax equalization. However, if the assignment does result in a personal tax liability in the UK, Korn/Ferry will tax equalize you for the term of your assignment on your employment income, including salary, bonus, option gains, restricted stock vesting and subsidies and allowances connected with your assignment. This equalization process will limit your personal total tax liability on these income items to essentially the same amount as if you had remained in the United States in your current position. During your assignment, the firm will continue to withhold Federal and state taxes in accordance with your claimed deductions, and also deduct Social Security and Medicare taxes. At the end of the tax year an equalization calculation, if necessary, will be performed by a third party "expert" and you will reimburse Korn/Ferry for any tax refunds you receive in excess of the amount required for your tax equalization, or Korn/Ferry will pay you sums as indicated in the tax equalization calculation.

---

If tax equalization becomes necessary, reasonable fees associated with tax preparation assistance for the filing period(s) in the United States and the United Kingdom during your assignment will be paid by Korn/Ferry.

In the unlikely event any reimbursed expenses are disallowed or disputed by the tax authorities in the U.S. or U.K. you agree to cooperate with the Company to challenge such determination and the Company will bear the cost of any experts involved in the process. Further, if the final determination results in a tax liability to you the Company will cover the resulting tax liability regardless of the source from which they originate.

Repatriation

At the conclusion of your assignment Korn/Ferry will reimburse you for shipping a reasonable amount of personal household possessions to St. Petersburg Florida.

Paul, I am very grateful for your willingness to take on this critical assignment.

Sincerely,

/s/ Gary D. Burnison  
Gary D. Burnison  
Chief Executive Officer
